FY2019 PRE-OPENING CHECKLIST
for State Charter Schools

Contents

INSTRUCTIONS

Pursuant to its charter contract, a state charter school must demonstrate its preparation for operations by making significant progress in completing the SCSC Pre-Opening Checklist. The SCSC Pre-Opening Checklist is comprised of Key Decisions, Priority Milestones, and Ongoing Obligations. **A state charter school must evidence the completion of all Priority Milestones prior to its opening.** A state charter school must demonstrate the completion of Priority Milestones by uploading evidence of completion or providing assurances in Fluid Review at www.scsc-portal.fluidreview.com. The school's governing board chair has received SCSC Portal login information from SCSC staff. If the governing board chair has not received SCSC Portal login information, the chair should contact Sarah Beck at sarah.beck@scsc.georgia.gov as soon as possible. Importantly, each school only receives **one account** to access the SCSC Portal.

If a state charter school fails to demonstrate that it has met **all** Priority Milestones by their respective timelines, the SCSC may suspend the opening of the charter school until a time after the charter school demonstrates its ability to meet its obligations under its charter contract.

All deadlines for Priority Milestones occur after the charter school executes its charter contract and prior to the school serving students. The deadlines for Priority Milestones reflect the **latest date** that the school may accomplish the associated task to remain on schedule for a successful school opening; however, schools are encouraged to complete all Priority Milestones as early as practicable. Upon completing a Priority Milestone, the school must submit the requested evidence of its completion within one calendar week. Failure to complete Priority Milestones and/or failure to submit required evidence of completion will impact the ability of the school to open for the 2019-2020 school year. The SCSC may suspend the opening of a state charter school if Priority Milestones remain outstanding on July 16, 2019.

Key Decisions and Ongoing Obligations are actions the state charter school should take to ensure a successful school opening but do not require evidence of their completion to be submitted. Priority Milestones are highlighted in blue and Key Decisions and Ongoing Obligations are in light blue.

Importantly, this checklist will not ensure successful operation as many factors contribute to a school's overall success, but all items on the checklist must be completed to remain operationally compliant. The SCSC reviews Pre-Opening Checklist submissions broadly to ensure that they meet SCSC expectations. The SCSC's acceptance of the school's policies or procedures for the Pre-Opening Checklist does not indicate legal compliance or SCSC approval of the policies.

The final appendix in the Pre-Opening Checklist contains a chart listing the deadlines for Priority Milestones in chronological order to assist your school in planning.

Please email SCSC Operational Accountability Manager Sarah Beck at sarah.beck@scsc.georgia.gov if you have any questions or problems using Fluid Review.

KEY DECISIONS

The following items do not have required submissions attached to them, however, they are important decisions regarding your school's operations that should be made by the prescribed deadline.

ACADEMIC PROGRAM

Priority Milestones – MANDATORY	Additional Information	Deadline	Required Submission
Adopt a school calendar	• The school calendar must include the instructional equivalent of 180 school days • An established school calendar is an essential tool for student recruitment and enrollment • Schools should be aware that starting later than surrounding districts will hinder student enrollment in the charter school and provide the school less instructional time prior to state assessments	December 3, 2018	School Calendar; Minutes of the meeting(s) at which it was approved
Obtain a Student Information System	• Contact GaDOE to ensure the SIS you choose is compatible with the State Longitudinal Data System (SLDS) • Operational state charter schools frequently site establishing an SIS, tying into SLDS and getting training on SLDS, as one of the most critical steps in preparing for operations. Doing so as early as possible increases efficiency and alleviates duplicated efforts as the school begins serving students As a reminder: The Statewide Longitudinal Data System (SLDS) is designed to help districts, schools, and teachers make informed, data-driven decisions to improve student learning. SLDS is a free application that is accessed via a link in the district's Student Information System (SIS).Contact the MyGaDOE Help Desk with any problems or questions at dticket@doe.k12.ga.us, or at 1-800-869-1011. Attend SCSC offered trainings	The SCSC trainings calendar is available here: http://scsc.georgia.gov/training-opportunities	Ongoing	

APPENDIX

Educational Program Update

To ensure state charter schools are prepared to operate high quality academic programs in year one of the charter contract term, the SCSC requires newly approved state charter schools to submit an educational program update illustrating the school has made the necessary plans to achieve SCSC expectations.

Please submit a copy of the school's implementation timeline as outlined below and respond to the questions that follow.

Implementation Timeline

The implementation timeline is meant to illustrate the school has accomplished or is on track to accomplish the necessary tasks required to ensure a successful implementation of the educational program. There is no specified format for this document, however, the timeline should include: the "owner" of the task (i.e. the individual responsible for the task's completion) and the date in which it was/will be accomplished. At a minimum, the timeline should track the school's completion of the following key tasks:

- select and procure curriculum
- develop/acquire benchmark assessments
- develop/acquire lesson plans
- define the grading structure
- create a professional development schedule
- develop a system and process to analyze assessment data and other educational outcomes (refer to the SCSC CPF for academic goals)

Questions

In addition to submitting the above documents, please respond to the questions below in 300 words or less.
1. Have any changes in the educational program occurred since the execution of your charter? (i.e. changes in curriculum, instructional methods, innovative features)
   - If changes have been made to the curriculum, please describe the steps you took to ensure that it is aligned to state standards and aligned with the school's overall mission.
   - If changes have been made to the instructional methods or innovative features, please describe the steps you took to ensure the staff are prepared to utilize the new methods/features and how the they align the school's overall mission.
2. The SCSC recognizes that it may be difficult to execute all components of certain educational programs in the school's first year of operations. For example, STEM programs may require the procurement of equipment that is not budgeted for until year two of the charter. Please describe any delays the school foresees in rolling out the educational program and the rationale for the timing of implementation.
